Every Inch Considered. Every Detail
Designed.

This is more than just a house—it's a thoughtfully crafted home where every finish, feature, and fixture was selected with purpose. Inside and out, it offers a blend of quality, comfort, and function that's hard to find.

Step Inside:

At the heart of the home is a carefully designed kitchen featuring Bosch appliances—double oven, microwave, dishwasher, and an induction stove—paired with a GE Smart refrigerator and a touch-activated faucet. Tongue-and-groove cabinets with soft-close drawers, under-cabinet lighting, floating shelves, a built-in wine rack, and a lazy Susan provide both beauty and practicality.

The open floor plan flows across wood-look tile under high ceilings with upgraded fans and lighting. Throughout the home, window shutters and custom shades bring style and privacy, while built-in speakers in the living room, primary suite, and lanai set the tone for everyday living or entertaining.

The primary suite includes a custom closet with a jewelry valet, shoe racks, belt organizers, and clever storage. Bathrooms are finished with granite countertops, and the primary bath offers a spa-like shower

experience featuring dual shower headsâ€”perfect for a refreshing and relaxing start or end to your day.

The laundry room offers built-in cabinetry, a wash tub, and clothes-hanging barsâ€”everyday convenience built in.

Step Outside:

A screened-in lanai with wood-look tile brings the indoors out, ideal for enjoying Florida living without the bugs. Beyond that, a pergola-covered garden area invites you to grow herbs, flowers, or vegetables in a peaceful, private setting.

A separate outdoor kitchen under its own pergola is designed for true outdoor entertaining, featuring a built-in Somerset gas grill, separate sear burner, stainless steel cabinetry, and an extra-large granite countertop on a stone baseâ€”ideal for meal prep or serving. Custom pull-down shades, lighting, and a ceiling fan to keep the area comfortable all day long, and thereâ€™s even space for a countertop smoker to round out your outdoor cooking setup.

A paver driveway and side path lead to the back of the home, where youâ€™ll find a wood deck and fire pit areaâ€”perfect for unwinding with friends or cozy nights under the stars.

The oversized 3-car garage is a true bonus: fully insulated with Icynene spray foam, cooled with a mini-split A/C, and outfitted with LED lighting. Itâ€™s currently outfitted as a high-performance home gym featuring a Precor S3.45 universal station with three stacks of weights and four exercise stations, Landice treadmill, Precor elliptical, Lifecore rowing machine, and dumbbell weights with a bench ranging from 2 to 50 pounds (optional to

convey). A custom mural adds a finishing touch to this versatile space.
